

INTERCONTINENTAL
HOTELS SEOUL

July 23, 2010

To Whom It May Concern,

Mr. [REDACTED] has been working at InterContinental Hotels Seoul since April 19 2010 as an Internship student. I am writing this letter to confirm that his performance from InterContinental Hotels Seoul was outstanding in most of tasks he has been given until now as of July 23, 2010.

When he applied for the Internship program, I conducted interview in person by asking his future career plan and readiness to work in the hospitality industry since the willingness and the attitude are two most important factors that we measure as hiring standard. He showed strong interest in meeting new people and looking after them and had good communication skills both in Korean and English.

He seemed to possess strong willingness and ambition to manage a hotel in the future. Therefore I placed him in Front Office departments so that he could actually gain the experience from both sides of guest contact point and administrative point.

Mr. [REDACTED] is a quick learner, a highly motivated person and a self-starter. Since he has a sense of learning works, there was no longer instruction to ask him to do things after his first week of internship program. He actually started to work on his own with initiatives and checked with seniors before the completion in timely manner. Most of all, he has excellent interpersonal skills that he has shown to the people not only in his departments but also in other related departments. I would like to whole-heartedly and strongly to recommend him as potential future hotelier.

If you have any further question on his performance, please feel free to contact me either at (82) 2-559-7411 or dole_jin@interconti.com

Yours sincerely,

Dole Jin
